Dear Mr. Moss and Members of City Council:

Thank you for the opportunity to present the Society's *Naples Historic District Initiative* during yesterday's Workshop. We know it's an exhaustive and perhaps arduous subject, so we do appreciate your patience.

Mr. Moss, you mentioned in your introductory remarks that the Society may present changes to policies and procedures regarding historic preservation, and our presentation did just that by covering the project's composition and related mechanics. With a lack of time to actually workshop the subject and our recommendations yesterday, I have prepared the attached two-page document which lists what we hoped to discuss during the Q&A portion of the workshop. Naples Historical Society commented about getting granular yesterday; that is key to debating the merits of our proposal and recommendations.

You'll see **bolded at the bottom of page two on the attached** is a request to confirm that this subject will be on the May 15, 2017 Workshop Agenda as we tentatively discussed yesterday. I look forward to your reply, Mr. Moss, and thank you and all of City Council, again, for your generous time on this matter. Comments and/or questions are always welcomed.

Regards,

Elaine L. Reed, MPA
